

Second Grade

Teacher	Biography
 Mrs. Schloth	<p>I was raised in Eugene, Oregon and went to Western Oregon State College (Now Western Oregon University) to earn my degree in Elementary Education. My husband and I were married in 1997 and started our careers in Education in Portland. This will be my twenty fourth year teaching in David Douglas School District. I spent 8 years at Lincoln Park teaching English as a Second Language (ESL) before coming to Menlo Park. This will be my ninth year as a Second Grade teacher. I have found Second Grade to be my favorite age to teach so far! This fall my husband and I will be sending our daughter, Olivia, off to college at the University of Oregon. Go Ducks! We also have a son, Spencer, who will be a Senior in High School. Our family loves outdoor activities like hiking, biking, boating and paddle boarding. We also love traveling. Lately we have been spending a lot of time walking our Golden doodle dog, Mabel, and getting caught up on home projects.</p>
 Mrs. Womack	<p>I was born and raised in Portland. This will be my 30th year teaching at Menlo Park ("Time flies when you are having fun!"). I have taught kindergarten, first grade, and second grade. Through the years, I have also taught up and coming teachers as an adjunct professor, but find my true enjoyment comes from working with primary children - especially second graders. I am fortunate to work with an amazing teaching partner, Debbie Kiyokawa. Mrs. Kiyokawa brings so much joy to the classroom and never fails to make the students and me laugh.</p> <p>In my personal life, I am blessed to be married to my husband, Jeff. We have two grown children, Jordan and Olivia. Mr. Womack and I also have a golden retriever, Zoey. Away from Menlo, I enjoy family time, traveling, church activities, reading and enjoying a cup of coffee with a side of Hershey Kisses.</p>
 *Mrs. Kiyokawa	<p>This is my 24th year teaching at Menlo Park Elementary. It's my 25th year, overall. I started at Sacramento Elementary in the Parkrose School District where I taught 1st grade for one year.</p> <p>I was fortunate to attend schools in our wonderful David Douglas School District. I went to school at Cherry Park Elementary School, Floyd Light Middle School, and graduated from David Douglas High School. Ever since I was young, I knew that I wanted to become a teacher. So, I went to college to pursue my education degree from Western Oregon State College (Now Western Oregon University).</p>
 Ms. Armstrong	<p>The 2020-21 school year will mark my 20th year with DDSD. I am excited to be teaching 2nd grade this year. In the past, I have taught Kindergarten, 3rd, 4th and 1st grades here at Menlo Park. I earned my Education degree from Western Oregon University and my Masters in Leadership and Administration from PSU. I LOVE my job and I love spending my days learning with little people. My favorite thing to do when I am not teaching is to spend time with my family. My son, Kaleb, is a sophomore in college and my daughter, Claire, is entering 5th grade. I have lots of hobbies, but my favorites are traveling and cooking. I am looking forward to another great year with our fabulous families.</p> <p style="text-align: center;">"Be somebody who makes everybody feel like A somebody" –Kid President</p>
