

Second Grade

Teacher

Biography

Mrs. Frazier

My name is Jessica Frazier and I teach second grade at Menlo Park. I have been teaching since 2000, and spent much of that time at Lincoln Park Elementary School. This is my sixth year at Menlo Park, and I have taught 3rd, 4th and now 2nd grade. I love teaching and truly enjoy coming to work each and every day. When I am not at Menlo Park, I love to run, read and spend time with my family. I am married and have identical twin daughters who are in 9th grade.

Mrs. Schloth

Jennifer Schloth graduated from Western Oregon State College (now Western Oregon University) with a degree in Elementary Education in 1995. She attended PSU (Portland State University) to earn an ESOL (English as a Second Oral Language) endorsement and began teaching ESL in David Douglas District in 1997. She worked as an ESL teacher at Lincoln Park for 8 years. At Menlo Park she has taught ESL, Kindergarten, and is currently a Second Grade teacher. In her spare time Jennifer likes to jog, work in her garden, and spend time with her husband and teenage children. She has participated in Half Marathons, Duathlons and Triathlons and hopes to do more in the future when time allows. Jennifer has an energetic Goldendoodle puppy that keeps her and her family very busy!

Mrs. Womack

I was born and raised in Portland. Abilene Christian University in Abilene, Texas was where I attained the majority of my college education. I received my Masters in Education Leadership from The University of Portland. Teaching began for me in the David Douglas School District in 1990 at West Powellhurst. My first assignment was teaching first grade. The following year I transferred to Menlo Park. While at Menlo, I have taught kindergarten and second grade. Through the years, I have taught up and coming teachers as an adjunct professor, but find my true enjoyment comes from working with primary children. I have been fortunate to work with amazing teaching partners, currently, I job share with Debbie Kiyokawa. In my personal life, I am blessed to be married to my high school sweetheart, Jeff. We have two grown children, Jordan and Olivia. Zoey is our golden retriever that seems to run the house. Jeff and I enjoy traveling, nights out, and spending time with our children.

Mrs. Kiyokawa

This is my 23rd year teaching at Menlo Park Elementary. It's my 24th year, overall. I started at Sacramento Elementary in the Parkrose School District where I taught 1st grade for one year.

I was fortunate to attend schools in our wonderful David Douglas School District. I went to school at Cherry Park Elementary School, Floyd Light Middle School, and graduated from David Douglas High School. Ever since I was young, I knew that I wanted to become a teacher. So, I went to college to pursue my education degree from Western Oregon State College (Now Western Oregon University).
